11/15/2013 5:51:41	Well	Average/Medium	3-5	Bounce fabric softner bar in dryer & bleach for whites	Same amount of softness	Same amount of clean	About the same	About the same	Yes very mild and pleasant	It was great!
11/17/2013 12:56:10	Well	Average/Medium	6+	Dryer sheets	Same amount of softness	Same amount of clean	About the same	About the same		I use a really good detergent, which is natural, and this seems to be comparable.
11/21/2013 8:49:20	City	Large	1-3	dryer sheets	Softer	Same amount of clean	Better	About the same	No	I put a dryer sheet in with my first comforter and it was extremely soft! The second comforter I did, I put it through the dryer without a dryer sheet and it came out normal. Maybe I won't have to use dryer sheets anymore :)
11/21/2013 20:18:18	Paul Smiths Reservoir	Average/Medium	3-5	dryer sheets	Same amount of softness	Same amount of clean	Better	Better, any odors are gone	no scents present after washing	Possi vBulleli

11/22/2013 11:47:12	City	Large	1-3	Scent booster	Softer	Same amount of clean	Better	Better, any odors are gone		I used only the scent booster during the wash, and no dryer sheet. The clothes were soft and clean! It worked great. I will try a load with no scent booster to get a better idea of the odor-eliminating properties. Otherwise, I'd say it's a hit!
11/23/2013 1:36:14	City	Large	1-3	None	Softer	Same amount of clean	Better	About the same	Hardly any	Clothes were impressively soft without any additives. Stains were reduced-most noticeably on my white towels which often wind up with makeup stains. No overwhelming scents. Oddly enough there seemed to be a reduction of wrinkles. I said to Tina that the clothes felt and looked so lovely it's like they folded themselves. Excited for next use!
11/23/2013 23:58:53	City	Large	3-5	fabric softener, but I didn't need as much. I have very hard water.	Softer	Cleaner	Better	About the same		So far, I like it a lot. Would like to know the ingredients though.
